

Divine Direction:

Why is it that so many people start out with a clear mental picture of where they want to be relationally, financially and professionally and yet years later find themselves far from their desired destination? The choices you make today will lead you one way or another—but when you know who to trust, you'll always be headed in the Divine Direction. This series will teach us how to seek God's will for our lives and how He cares more about who we are than what we do.
