Back to the Beginning – Genesis 2: Who Is God Part 2?

Icebreaker: What is something that you've created that you are most proud of?

Opening Discussion: Looking back on your Engage and Grow notebook or your notes from the message, what stands out to you the most?

Digging Deeper: Read *Genesis 1:3; Genesis 2:1-7*

1. Which is harder for you to believe or understand – God is bigger than big (His transcendence) or God is closer than close (His immanence)?
2. Why is it significant that male and female are created in the image of God? See Genesis 1:27
3. What is different about the way God created plants and animals from the way He created man?
4. Why did God create Adam with His hands and breathe life into Him?

5. Where else in Scripture is breathing and breathe alluded to? What is the connection between them?

6. Why does God prepare a special place (Eden) on earth? What does it foreshadow? See John 14:6

Moving Forward:
