GROW DEEPER IN FAITH

Grow Deeper in Faith

Hope is excited to deepen spiritual journeys through engaging Bible studies in 2026. We invite you to explore God's Word, fostering personal growth and community relationships. In a chaotic world, let's seek wisdom, share insights, and encourage each other. Join us to create a welcoming space for questions, shared faith building, and uplifting friendships. Together, we can transform these seasons into a time of learning and connection, taking steps towards a richer spiritual life and stronger bonds with fellow believers.

"Discovering the 5Gs" is a class designed for individuals new to Hope or those interested in joining our community as a member. In this class, you will learn about our journey as believers in Jesus and what the 5G's - Gospel, Gather, Grow, Give, and Go - are all about. These 5 Gs will guide us towards fulfilling our shared mission of spreading the hope of Jesus with a world in need of Hope.

Within the Old Testament are several difficult to understand passages and as sinful humans, we wrestle with God. Examples include: violence in the OT, prophecies, OT laws vs NT, where is God in Song of Solomon and Esther? Each week (Oct 18, Oct 25, and Nov 1) will focus on a different topic and will be led by a different leader. Join us as we wrestle together in His Word!

Please join us for an in-depth review of the book of Deuteronomy, the catechism of ancient Judaism. Jesus quoted it more than any other book in the Old Testament! Deuteronomy presents a series of sermons by Moses, a presentation of the Law that covers the Shema, the Sinai covenant, the structure of worship, and ethical and moral direction. We will address the Gospel message, this book's place in the Jewish liturgical year, its relevance to daily liturgy, to the education of children and converts, the tradition of Mezuzahs, grace after meals, and more!

There are hundreds of statistics from research that detail the effects of porn on individuals, relationships, and society. But when it hits home, the long-term effects become personal. Looking for a place for honest and truthful conversation? We will share the latest research, the hard realities, and the healing truth of scripture. Whether you're a parent, a college student, a leader in the church, or simply want more information, there is a seat open for you!

The Catechism

Greece Registration

The Catechism is more than just a children's book. Join us as we explore the significance of Luther's Small Catechism, that so many of us learned as we prepared for confirmation. Not only will we revisit the Six Chief Parts and what they teach us about God's Word but learn about the historical context that shaped the Catechism and the incredible impact that it has had on the development of western society.

As we approach Christmas, come join us for this 4-week study to deepen your understanding of Jesus coming to us, “Emanuel, God with us.” We will dive into one chapter a week, the first two chapters of both the Gospel of Matthew and the Gospel of Luke. The class instruction style will be Verse by Verse, Precept upon Precept. In addition, we will utilize the video series along with the study guide, “The case for Christmas” by Lee Strobel

We will explore the roots of religious freedom through short readings from early Christian writers up to the seventeenth century. Rather than focusing on a single book, we’ll engage primary sources from thinkers grappling with faith, authority, and what it means to follow God freely. Inspired by themes from Liberty in the Things of God, the course emphasizes a central claim: faith cannot be coerced, and a just society must allow freedom of belief. Through reading and discussion, we’ll consider how these ideas developed and why they still matter today.
